

Outline for Sample Lesson Plan

1. **Content Area**: Includes Name, Subject, and Grade/Level Taught
2. **Unit Title and Goals**: Include Unit Title and Goals of the Unit that will be met by the lesson. Include the standards (national, state, and local) that will be met by the lesson (process and content).
3. **Prerequisite Knowledge**: What knowledge does the student need to know in order to comprehend this lesson?
4. **Lesson Title and Objectives**: State the title and objectives for this particular lesson.
5. **Materials/Media**: A list of materials and media and the purpose for the use of each.
6. **Instructional Plan**: A detailed list containing the following areas with rough time estimates:
 - a. Set: How are you going to get the students interested and involved early?
 - b. Questions: Think of key questions you will want to ask during the lesson and the questions students may ask during the lesson. This may be set up in a two column format.
 - c. Instructional Procedures: Include a list of activities and what the activity will accomplish and when it will be used.
 - d. Closure: What concluding remarks/activities will be used to help students remember the lesson.
7. **Assessment**: What assessment techniques will be used to evaluate the students' understanding of the lesson?
8. **Extensions/Additional Activities**: List additional questions/activities in case the lesson runs short and you need additional things to cover or additional things to reinforce the ideas of the lesson.
9. **Accommodations**: What accommodations can be made in order to meet the needs of all students?
10. **References/Bibliography**: What book did you use? Were there websites you will use with the lesson? Did you get your activity from an internet site, book, magazine, etc?
